

"RAID" BY HUBBY MERE RUSE, SAYS WIFE HE'S SUING

Man Named as Correspondent
Invited Door-Smasher In,
Mrs. Smith Asserts.

Mrs. Clara Wilhelm Smith, whose husband, Charles E. Smith, manager of the Knickerbocker Sales Company, has brought suit against her for divorce, naming as correspondent James H. Gilmore, President of the Sheppard Knapp Company, dealers in carpets and furniture, against whom he has also instituted suit for \$50,000 for alienation of his wife's affections, told her side of the story to-day.

Mr. Smith was formerly well known as an athlete of this city, and still gives his address as the New York Athletic Club. He says that he and his wife have been separated for five years, during which he has continued to support her. He adds that he had deemed Gilmore one of his best friends. Mrs. Smith secured employment with Gilmore after the Smiths separated, and the husband said that he had never suspected impropriety in their relations until it was forced under his personal observation.

HUSBAND SAYS HE WATCHED WRONG MAN.
Gilmore, he said, had warned him of the friendship of his wife for Thomas Devlin Jr., a wealthy carpet manufacturer of Philadelphia, and he had a detective watch Mr. Devlin, without results. Last Thursday night Smith saw Gilmore at the theatre with his wife. He waited near Mrs. Smith's apartment at No. 154 East Thirty-fourth street. With Morris Wolfert, he followed the couple to the apartment and kicked in the door, and then, he said, saw what he had expected to see.

When Mrs. Smith was sought for an interview to-day she was in bed and sent a plea of illness in declining. Then she changed her mind and said she would see The Evening World reporter. She is exceedingly handsome, a blonde, with deep blue eyes.

"I did not intend to talk, but feel now that I must," she said. "I have been in bed since the publicity my husband has given me. Both suits will be thrown out of court, if, indeed, they ever come to trial. My husband's charges are made out of whole cloth. It will be proved in court they are a mass of fabrications."

"Mr. Smith's business as an auc-

tioner has been bad for some time. He needed \$1,000 to make good on an estate. He told me all this when he explained that he could not contribute to my support. He told it also to Mr. Gilmore, from whom he tried to borrow money."

"We have known the Gilmore family fifteen years, and frequently visited them. When my husband left me five years ago, by mutual consent, Mr. Gilmore gave me a position with the Sheppard Knapp Co. on a 2 1/2 per cent. commission basis. I have done very well handling art decorations."

"I would have left my husband long before but for my mother, who abhorred anything like a separation. When she died I told Mr. Smith I would not submit longer to his treatment of me. So he left."

SAYS VISITOR INVITED HER HUSBAND IN.

"Last Thursday night I went to the theatre with Mr. Gilmore and afterward had a rarebit with him at the Marlborough. When we reached home he asked me if I had any beer upstairs and I told him I had. He said he would go up and have a glass. So we came up to the apartment. My

WHEN CONSUMPTION IS CURABLE

Remember that every case of tuberculosis passes through its curable stage, which is often of a year's duration—plenty of time to be cured, if the disease is only recognized and properly treated before the incurable stages overtake the patient.

If you fear that there has been failure to correctly diagnose or understand your case, call on Dr. Anderson, one of New York's leading specialists in Throat and Lung Diseases, and the inventor of the Anderson X-Ray, which has revolutionized the former methods of diagnosing internal diseases.

He discovers the very earliest signs of lung trouble while the disease is yet in its curable stage. Investigate his treatment and the records of his permanently cured patients.

Do not wait until a spring break-down overtakes you, and do not delay or wait for experiments to be tried out. Anything that is proven to be reliable and able to do all that is claimed for it, will be gladly and promptly used by all specialists.

Consult Dr. Anderson. It costs you nothing to find out for yourself, because office consultation and examination are given without charge. Dr. Anderson, Specialist, 50 West 22d St. (between 5th and 6th avenues), New York.

Hours—Daily, 10 to 4; Monday, Wednesday, Friday evenings till 8 o'clock; Sunday, 11 to 2. Valuable book on Tuberculosis sent to any address.

friend, Mrs. Stebbins, who rents the apartment with me, was here at the time."

Mrs. Stebbins, who was present, is an exceedingly pretty young woman.

"The door closes with a latch," Mrs. Smith continued, "and I pushed it shut. Mr. Smith did not take off his overcoat or gloves. In four or five minutes there came a heavy bump at the door. Somebody was trying to smash it in. Mr. Smith opened the door, and there stood my husband and another man."

"Why, Charley," said Mr. Gilmore, "don't act like that. Come in." My husband refused. "No," he said, "I've seen enough." And he and his friend departed.

"With regard to Mr. Devlin, I only met him once or twice, in the most casual way. I am sick over the case, but I know that I will be vindicated in court, if the case ever comes to trial."

SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIES

Sleep Disturbing Bladder Weaknesses, Backache, Stiff Joints,
Rheumatic Pains Disappear After Few Doses Are Taken

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache and rheumatism and be saved the annoyance of getting up at night with disagreeable bladder disorders, for the new discovery, Croxone, quickly relieves the most severe and obstinate cases.

Croxone cures these conditions because it removes the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. Croxone makes the kidneys filter the blood and sift out all the poisonous acids and secure an original package of Croxone. It soaks right in and cleans out the stopped-up, inactive kidneys, like water does a sponge, dissolves and drives out every particle of uric acid and other

poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the urine so it no longer irritates the bladder, overcomes unnecessary breaking of sleep and restores the kidney and bladder to health and strength.

It matters not how long you have suffered, how old you are, or what else you have used. The very principle of Croxone is such that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it, and all your misery and suffering soon disappear. You can waste matter that cause these troubles, at trifling cost from any first-class drugstore. All druggists are authorized to personally return the purchase price if it fails in a single case.

It Makes Little Difference What You Need—a World "Want" Will Go and Get It.
